

Do you need non-emergency medical care?

If you need non-emergency medical assistance, you have many options:

- Contact your primary care provider (family doctor or nurse practitioner)
- If your primary care provider is not available, call Telehealth Ontario at 1-866-797-0000
- To find an urgent care centre or walk-in medical clinic near you, visit centralwesthealthline.ca

NOTE: If you are in need of serious medical attention, call 9-1-1 or go to your nearest emergency department
