

SUPERVISED ACCESS CENTRES –Founded by the Ministry of Attorney General Brampton, Caledon, Malton

The Supervised Access Program offers separated families a way to deal with some of the difficulties that may arise at the time of the exchange of the child between the parents, or between the parent and a relative, or there may be concerns about the visits themselves.

Ministry-funded supervised access centres provide fully supervised on-site visits in a group setting and supervised exchanges when access occurs off-site.
